

respected, and meaningful collaborations with schools, staff, teachers, and parents, as we view these essential partnerships to be in the best interests of everyone. Due to the lack of welcome, respect, and consideration, we are left to ponder if in fact the statements and allegations from staff and parents are warranted; and if Ms. Chavez, Mr Bivins, and the San Diego Unified School District operate under equitable best practices.

We seek solutions and collaboration. We heartily protest the treatment that our delegation received from Principal Chavez, and the Area Superintendent Bivins, and we ask to be welcomed, not obstructed and resisted, on the campuses of the San Diego Unified School District, which are public taxpayer institutions, and which we, and all other members of the public are well within our rights to visit. We look forward to your prompt attention and response to this matter,
